

TCS STEP IT UP

DIGITAL LEARNING SHOWCASE

TCS STEP IT UP DIGITAL LEARNING SHOWCASE

Transylvania County Schools will host the TCS Step It Up Digital Learning Showcase on June 13th, 2018. Choose from learning opportunities that demonstrate best practices, inspirational digital teaching and learning from our district educators as well as digital learning leaders from out of the district.

The Showcase will empower educators to work towards mastering the NC Digital Learning Competencies and inspire the use of effective digital strategies in their classrooms. While attending our digital learning showcase, all participants will receive inspiration, hands-on practice, and tangible resources to take back to their classrooms. Funding for this Digital Learning Initiative Showcase is provided by the NCDPI Digital Learning Initiative Grant.

Please join us for a day of collaboration, creativity, innovative learning strategies, and inspiring ways to "step up" digital learning and transform your classroom!

For more information regarding sessions and events visit our TCS Step It Up Showcase website at <https://sites.google.com/tcsnc.org/tcs-step-it-up-showcase/home>
